

ROOF-INTEGRATED SERIES

SOLARSHADE SERIES

In a word, superior. A one of a kind system to help beautify the look and layout of photovoltaic modules, not to mention adding recreational space to your home. These roof integrated systems are investments that add value to a house or business. Canopies, skylights, trellises and carports are a refreshing design change not only aesthetically pleasing, but have a healthful aspect towards your power bill.

The Benefits to Home or Business

- * **Re Sale Value** - Adds beauty and value to your home - 120% Value of Dollars spent. (Consult your realtor for specifics).
- * **Quality of Life** - A feeling of open airiness within your space.
- * **Added Living Space** - For a variety of uses; grilling, sitting, eating, shading, etc.
- * **Ease of Construction** - Less time to build, economically cheaper than conventional construction. Designed & engineered for you and your location.
- * **Quality** - Using only the highest quality aluminum & E.P.D.M gasketing. Long lasting and made to endure the seasons.
- * **Style** - Designed to be aesthetically pleasing to your home. With endless possibilities, we also offer decorative accessories, columns, caps, and colors to add your own personal touch.
- * **Natural Light** - Bifacial Solar Canopy allows 15% natural light transmission.
- * **Weather tight design** - keeping the elements out.
- * **HOA friendly** - More aesthetically pleasing than roof mounts.
- * **Qualify for the solar energy investment tax credit** - Solar Canopies qualify for the solar energy investment tax credit (ITC). The tax credit is equal to 30% of the price of products outlined in the solar plan. Not to mention state & local solar incentives possibly available.
